

RIOC FY 19/20 Public Purpose Application

Appendix B – Appendix E Guidance

1. Appendix B – Non-Profit Operating Budget

- 1.1. Provide RIOC with a clear picture of your net position based upon the revenues and expenses for the current and previous fiscal years of your organization.
- 1.2. If your organization has a budget document that similarly details your revenues and expenses, RIOC may accept this in lieu of this form. However, all such substitutions must be approved by RIOC in writing. If you have a substitute operating budget, please contact Public.Purpose@rioc.ny.gov as soon as possible to arrange for review of such budget documentation.

2. Appendix C – N/A, not required for FY 19/20

3. Appendix D – Program/Project Budget

- 3.1. Page 1 (Summary) General Guidance: **All input fields are for numbers only. Do not input any text, “N/A” or other non-numerical values into the fields or the table will not calculate correctly.**
- 3.2. The form is designed to be used with Adobe Acrobat. **Most users will not be able to save their results, we recommend filling in a pencil copy prior to typing the form and printing.**
- 3.3. **ATTACH separate, detailed justification for any travel you are requesting to complete your program/project. While travel may be a legitimate part of the project, it is recommended that these costs not be part of the grant request.**
 - 3.3.1. Values may be input as whole numbers or with decimals up to two (2) places.
 - 3.3.2. The values in Grant Funds should match the total funds shown in the Program/Project details on pages 2-5 of Appendix D. It may be helpful to completely fill pages 2-5 prior to filling out the summary page.
 - 3.3.3. Grant Funds – This is the amount of Public Purpose Funds you are requesting to complete your program or project.
 - 3.3.4. Other Funds – Any funds for your program/project that you project to be funded by other sources, including but not limited to your operating funds.
- 3.4. Personal Services Detail General Guidance: There is no need to enter N/A if you are not seeking funds for salaries, simply skip this page. If you are seeking funds for salaries, and wish to include fringe benefits for any/all listed employees, this must be separately totaled on the appropriate line.

If you are requesting grant funds for salaries, it is especially important that you be as detailed as possible when listing applicable activities and milestones toward completing the project on Appendix E. The more detailed the list of activities for each deliverable/outcome, the more it will help your grant reviewers understand what it takes to achieve that portion of your overall program/project.

4. Appendix E – Deliverables/Outcomes

Please be as detailed as possible. Deliverables and Outcomes Listed should be the same as those listed in Appendix C. List major activities listed should clearly communicate to the reader the sequence of actions that will progress the pertinent deliverable/outcome forward. Please refer to Figure 1 below for an example of how a timeline might be structured.
