

# **RE-INTRODUCING RIOC**

## **YOUR SAFETY : OUR PRIORITY**

**RIOC CLOSES EASTERN PROMENADE TO TRAFFIC**  
*Move ensures safety of pedestrians and bicyclists*

(July 31, 2019 – Roosevelt Island, NY) - In response to complaints about people driving along the eastern promenade, RIOC will soon be installing barriers and placing signage at key locations to prevent cars from accessing this area. RIOC and emergency vehicles will still be able to reach the promenade if necessary. Pedestrians and bicyclists will not be impeded by these barriers in any way. Placement of the barriers will begin over the next several weeks. RIOC is taking these measures as part of its on-going commitment to keep Roosevelt Island safe for pedestrians, children and bicyclists. If you see unauthorized vehicles in these areas, please contact PSD immediately at 212-832-4545.
